Principal's Message

Unfortunately, we have had a lot of students over the previous few weeks that have needed to go home sick or have been away from school. Many of these are experiencing the same symptoms. It is vitally important that if your child is sick that they need to stay away from school for at least 24-48 hours after all symptoms have stopped.

As I am sure that you are aware, there are some great things happening here at GPS with the way that our classes have been structure. So much so, recently, we had a visit from a group of Directors of Educational Leadership and

Executive Directors within the NSW Department of Education to see our commitment to Future Focused Learning. If you would like to see what all the fuss is about, contact the office and I will arrange a time that I can show you around the different classrooms, so you can see first hand how wonderful our classrooms are.

Well done everyone who competed at the Regional Swimming Carnival last week. It is a great achievement and something that you should be very proud of. There were lots of personal bests and times throughout the day.
